WARD-WISEMAN ANIMAL HAVEN DOG CARE AGREEMENT

I understand that.....

WWAH will make the final decision about whether a certain animal is available for adoption.

WWAH will not adopt out dogs that have shown aggressive behavior at the haven or that have a history of aggressive behavior.

WWAH will not adopt a puppy to me under 12 weeks old if I plan to keep him/her outside day and night.

All dogs/puppies adopted from WWAH will be altered to prevent over population and to protect the dog's health.

If I select a dog/puppy that is not altered, I will sign a Spay/Neuter Contract prior to adopting the dog/puppy.

WWAH will not adopt a pet to be a surprise gift for someone else. The person receiving the animal **MUST** be present at the time of adoption.

I will pay an adoption fee for any dog(s) adopted and I will be responsible for **all** costs related to the dog/puppy after adoption.

I will need to take my new pet to my own veterinarian within 10-days of adoption for a full evaluation and to arrange for additional boosters and parasite control.

I am willing to accept certain risks that come with adopting a dog from a rescue facility...

WWAH does not know the medical, vaccination, or genetic history of the animals. A dog may have been exposed to disease or have genetic problems that the haven is unable to detect.

Although WWAH conducts a "temperament evaluation" on all dogs prior to adoption, the evaluation *cannot* predict future behavior and cannot test for all possible triggers for aggression or other behavior problems.

WWAH will advise me about known behavioral or medical issues that a dog has shown, but *cannot* guarantee the medical or behavioral health of any adopted dog or puppy.

I have read and understand the above: _____ (please initial here)

WWAH and my neighbors expect, and I agree, that....

I will provide everything my new dog needs throughout his/her life (large dogs live an average of 8-12 years, small dogs generally live longer), including fresh water, nutritious food, companionship, proper shelter, exercise and play each day, plus heartworm, flea and tick prevention, and regular veterinary care.

1. I will make sure my dog is always wearing current, accurate, and visible identification (i.e., collar and tags).
2. I will keep my dog safe on a leash, inside my home, or in a securely fenced yard so that he/she is never a danger or nuisance to others or themselves.
3. I will provide a safe, mostly *indoor* environment for my puppy (under 12 weeks old) so that he/she is protected from harm and learns good social skills.
4. I will abide by all state and local laws regarding dogs where I live, including requirements for rabies vaccinations and pet registration/licensing, as well as any "leash laws", or tethering, shelter or noise prevention rules.
5. I will be responsible for risks and liabilities associated with my dog, including bites, fights or damage caused by the animal.
6. I will help my dog to be a good citizen by providing humane training and by always picking up any "messes" he/she leaves behind.
7. I will protect my dog when traveling (including in a pick-up truck) by always using a safely secured crate, cage or safety harness; and by never leaving him/her in a parked car when it is over 65 degrees outside.
8. I will take my dog to a licensed veterinarian within 10-days of adoption, and at least once each year after adoption for check-ups and vaccinations.
9. I will contact WWAH first to see if space is available for me to return the adopted animal if I can no longer keep him/her; however, I understand that I am completely responsible for finding a safe and caring new home should this occur.
